

RG286 Filament Tape

Product Description

RG286 is a polypropylene film with fiberglass reinforcements and pressure sensitive synthetic/resin adhesive. It offers holding power and great adhesion to corrugated cartons.

Main Applications

- Light bundling
- Strapping applications with lower tensile strength

Technical data

	Metric	Imperial
Thickness	104 µm	4.1 mil
Adhesion to steel	6.6 N/cm	60 oz/in
Elongation at Break	3%	3%
Tensile Strength	175 N/cm	100 lb/in

Backing

BOPP film

Type of Adhesive

Synthetic rubber/resin

Colour

Note: The physical and performance characteristics shown are averages obtained from tests performed according to ASTM and PSTC test methods. MPI Matco can make no warranty of any kind as to the results of the adhesive product use. The information published here is representative of laboratory research on these products and is believed to be reliable. Values should not be used for specification purposes. Each user should perform their own tests to determine the suitability of the product for their intended application and shall assume all risks and liabilities in connection therewith. Materials should be stored at 70°F (21°C) with 50% relative humidity.
