

CUSTOM PRINTED TAPE

Your Brand's promotion is Just a Tape Away

Incorporating custom printed tapes into your packaging strategy is an investment that brings benefits, including increased brand recognition, heightened customer engagement, and an enhanced brand perception. At MPI-Matco, we specialize in delivering high-quality custom printed tapes that are meticulously tailored to meet your brand's specific requirements. Elevate your brand packaging, leave a lasting impression, and enjoy the cost-saving advantages with our premium custom printed tapes.

BRAND VISIBILITY

Stand out from the crowd and increase brand recognition with custom printed tapes. Your logo, tagline, or unique design will be prominently displayed on every package, ensuring your brand is instantly recognizable.

PROFESSIONAL IMAGE

Custom printed tapes add a touch of professionalism to your packaging. They convey a sense of care and attention to detail, elevating the perceived value of your products and instilling confidence in your customers.

BRAND CONSISTENCY

Maintain a consistent brand identity across all your packaging materials with custom printed tapes. By aligning your packaging design with your overall brand aesthetics, you can reinforce brand recall and strengthen brand loyalty among your customers.

MARKETING OPPORTUNITY

Turn your packages into mobile advertisements. As your packages travel from one location to another, custom printed tapes act as moving billboards, exposing your brand to a wider audience and increasing brand exposure.

ENHANCED SECURITY

Ensure the integrity of your shipments with tamper-evident custom printed tapes. These tapes offer an additional layer of security, providing reassurance to your customers that their packages are securely sealed and protected.

COST SAVINGS

Save on expenses associated with printed boxes and packaging labels by utilizing custom printed tapes. With custom printed tapes, there's no need to maintain a large inventory of different-sized boxes or labels. This streamlines your packaging process and eliminates unnecessary costs.
