

# 8964

## Double-Coated Tape

### Product Description

8964 is a double coated tissue tape featuring a high-tack rubber adhesive designed for fast, permanent bonding applications. The hand-tearable tissue backing provides easy handling and conformability, while the printed paper liner includes finger-lift edges on both sides for quick and efficient liner removal. Its aggressive adhesive delivers excellent initial adhesion to a wide variety of substrates.

### Main Applications

- Envelope sealing and bonding
- Lightweight POP display assembly
- Poster mounting
- Bonding of printed materials and printer-produced products

### Technical data

	Metric	Imperial
Thickness	86 µm	3.4 mil
Operating Temperature	16 – 80 °C	61 – 176 °F
Adhesion to Steel	9.0 N/cm	82 oz/in

### Backing

Tissue

### Adhesive Type

Rubber

### Liner

Paper

### Colour

White

Note: The physical and performance characteristics shown are averages obtained from tests performed according to ASTM and PSTC test methods. MPI Matco can make no warranty of any kind as to the results of the adhesive product use.
